Professional Summary

Detail-oriented and creative Interior Designer with a unique background combining spatial design and visual brand identity. Certified Associate in Project Management (CAPM®), with hands-on experience leading design projects from concept to completion. Passionate about creating spaces that reflect both functionality and brand identity, delivering meaningful and visually engaging environments that elevate user experience.

Experience

Jeraisy Computer & Communication Services – Graphic Designer 2024-Present

Worked under the management of The General Authority for the Care of the Affairs of the Grand Mosque and the Prophet's Mosque on Digital Transformation Project in Makkah.

- Developed and standardized visual templates for electronic service user manuals, significantly enhancing documentation clarity and end-user readability.
- Designed and oversaw the development of key User Interfaces (UI) and prototypes for web and mobile platforms for The General Authority for the Care of the Affairs of the Grand Mosque and the Prophet's Mosque, supporting their Digital Transformation program.
- Maintained design consistency and effectively collaborated with developers to ensure the delivery of high-quality, up-to-date, and industry-standard digital products.

Void studio, Freelance Designer 2023-Present

- Designed and developed over 20 comprehensive Visual Identities for companies and independent clients, significantly enhancing their market presence and competitive differentiation.
- Created realistic 3D design presentations and detailed execution documents, ensuring clarity of the design vision and facilitating effective coordination with contractors.
- Managed FF&E (Furniture, Fixtures, and Equipment) procurement, conducting extensive supplier research that resulted in an optimal balance between high quality and project cost-efficiency.
