Professional Summary

Experienced in site supervision and execution of large-scale construction projects, specializing in structural works, concrete casting, and high-quality finishing. Skilled in managing teams, ensuring compliance with project specifications, and maintaining safety and quality standards. Strong ability to coordinate between site activities, resolve on-site challenges, and optimize workflow for timely project completion. Committed to delivering high-quality results while adhering to project timelines and requirements.

Key Competencies

- Site Management & Supervision
- Project Coordination & Execution
- Structural & Finishing Works
- Quality Control & Compliance
- Stakeholder & Client Coordination

Soft Skills

- Team Management
- Problem-Solving
- Decision Making
- Effective Communication
- Conflict Resolution

Technical Skills

- AutoCAD
- Revit
- Microsoft Office Suite
- Technical Reports
- Scheduling & Planning

Work Experience

Construction Manager –Frames Contracting - (May 2025 –April 2026)

Project:Student buildings at the Police College - Dec 2024 - Present
