PROFESSIONAL SUMMARY

Highly motivated Senior Civil Engineer with 10+ years of progressive experience in delivering large-scale infrastructure and civil works across KSA and Egypt.

Specialized in civil engineering delivery within complex, multidisciplinary environments, with strong exposure to design review, construction supervision, and coordination of infrastructure packages including roads, utilities, drainage, and site development.

Proven ability to act as a technical focal point between stakeholders, ensuring alignment between design intent and site execution, while proactively resolving RFIs, NCRs, and constructability challenges.

Demonstrates strong capability in maintaining quality, safety, and compliance with project specifications, Saudi codes, and international standards, with a consistent focus on timely and efficient project delivery.

CORE COMPETENCIES

- Civil Infrastructure Delivery (Roads, Utilities, Drainage)
 - Design Review & Technical Validation (Drawings, Specs, BoQs)
 - Construction Supervision & Site Engineering
 - Multidisciplinary Coordination (Civil, MEP, Landscape, Structures)
 - RFIs, NCRs & Technical Issue Resolution
 - QA/QC Implementation & Compliance Monitoring
 - Earthworks, Backfilling & Site Development
 - Progress Monitoring & Reporting
 - Stakeholder Coordination (Client / Consultant / Contractor)
-

PROFESSIONAL EXPERIENCE

Senior Civil Engineer

Sarh Attiqnya Contracting – Riyadh & Jazan, KSA

Sep 2023 – Present

- Acting as a technical lead for civil and infrastructure works, ensuring proper execution of roads, utilities, drainage systems, and site development packages.
- Reviewing and coordinating design drawings, BOQs, material submittals, and method statements, ensuring compliance with project specifications and authority requirements.
- Supervising execution of earthworks, subgrade preparation, backfilling, underground utilities, and hardscape works, with strict adherence to quality standards.
- Coordinating interfaces between civil, MEP, architectural, and landscape disciplines to ensure constructability and seamless integration across project packages.
- Leading resolution of RFIs, NCRs, and technical discrepancies, providing practical and timely engineering solutions to maintain project progress.
- Conducting site inspections and ensuring compliance with approved drawings, specifications, and QA/QC procedures.
- Monitoring project progress against schedule and supporting reporting to senior management.
- Supporting testing, inspections, and handover processes, ensuring readiness for project closeout.

Civil Engineer

China State Construction Engineering Corporation (CSCEC) – Egypt

Aug 2019 – Aug 2023

- Supervised execution of civil and infrastructure works within high-rise and large-scale developments.
 - Reviewed shop drawings and technical submittals, ensuring alignment with design intent and constructability requirements.
 - Coordinated with consultants and subcontractors to resolve site technical issues and design discrepancies.
 - Monitored construction activities ensuring compliance with quality standards, specifications, and safety regulations.
 - Supported multidisciplinary coordination across structural, architectural, and external works packages.
 - Prepared progress reports and contributed to project documentation and coordination meetings.
-

Civil Engineer

PETROJET – Oil & Gas Projects – Egypt

Aug 2016 – Aug 2019

- Supervised civil works for industrial infrastructure projects, including excavation, foundations, and structural elements.
 - Coordinated civil works with mechanical and electrical disciplines in complex, high-risk environments.
 - Ensured strict compliance with HSE and QA/QC standards across all site activities.
 - Reviewed technical submittals and supported execution planning and site coordination.
-

EDUCATION

Bachelor of Civil Engineering

Sinai University – Egypt

CERTIFICATIONS

- PMP (In Progress)
 - FE Civil Exam (In Progress)
-

TECHNICAL SKILLS

AutoCAD | Revit | SAP2000 | ETABS | SAFE | STAAD Pro

Primavera P6 | MS Project

LANGUAGES

Arabic: Native

English: Fluent

PROFESSIONAL MEMBERSHIPS

- Saudi Council of Engineers
- Egyptian Engineers Syndicate
