### SUMMARY

---

Results-driven **Planning Engineer** with **5+** years of experience in construction planning, scheduling, and project controls in Saudi Arabia. Proficient in Primavera P6 and MS Excel, with expertise in WBS development, baseline and recovery schedules, lookahead planning, and critical path and delay analysis. Experienced in progress monitoring, S-curve reporting, and earned value management, ensuring effective project control and timely delivery. Well-versed in international and project standards including PMI, AACE, FIDIC, and Saudi Aramco/NEOM requirements, with strong coordination skills across site teams and stakeholders.

### CORE SKILLS

---

- **Project Planning & Control:** Baseline schedules, Recovery Schedule, Revise Schedule, lookahead programs, critical path analysis, delay analysis
- **Tools & Software:** Primavera P6 (8.2/17/21/23), AutoCAD (2015–2023), MS Office.
- **Project Monitoring:** Progress tracking, S-Curve preparation, productivity analysis, manpower histograms, BOQ understanding.
- **Coordination & Reporting:** Daily, Weekly and Monthly Reports, Subcontractor management, client reporting, recovery plans, cash flow.
- **Technical Knowledge:** Civil engineering drawings, BOQ, workflow analysis, material submittals & shop drawings.

### PROFESSIONAL EXPERIENCE

---

**Planning Engineer [AVENSIS ELECTRICAL SOLUTIONS], [Riyadh / KSA] • [Aug 2024 – Jan 2026]**

#### **Responsibilities:**

- Developed and maintained project baselines, recovery, and revised schedules in line with contract requirements and construction methodology.

- Planned and monitored project progress using Primavera P6, ensuring alignment with project milestones and deliverables.
- Applied Earned Value Management (EVM) techniques to track performance, forecast trends, and control project costs and timelines.
- Prepared and presented daily, weekly, and monthly progress reports, including S-curves, manpower histograms, and KPI dashboards.
- Generated cost-loaded schedules, manpower plans, and equipment utilization plans based on standard productivity rates.
- Developed look-ahead schedules and detailed activity sequencing, coordinating across civil, architectural, and MEP disciplines.
- Identified project risks, delays, and critical activities, performing delay analysis and recommending mitigation strategies.
- Prepared and submitted Extension of Time (EOT) claims with supporting documentation as per contract conditions.

**Planning Engineer [BCES Constructions], [Hyderabad / India] • [Aug 2020] – [June 2024]**

**Responsibilities:**

- Assisted in developing and updating project schedules using Primavera P6 or MS Project.
- Monitored project progress and updated schedules based on site inputs and actual performance.
- Prepared daily, weekly, and monthly progress reports for internal and client review.
- Generated S-curves, manpower histograms, and basic progress dashboards.
- Coordinated with engineering, procurement, and site teams to collect and verify project data.
- Supported preparation of look-ahead schedules to ensure smooth short-term planning.
- Identified potential delays and reported deviations from the baseline schedule to senior planners.

## **EDUCATION**

---

**Bachelor of Engineering, Mechanical Engineering.**

Osmania University, Hyderabad, India.

**Diploma In Mechanical Engineering.**

State Board of Technical Education and Training Telangana, India.

## SOFT SKILLS

---

- Analytical thinking
- Technical Communication
- Problem solving ability
- Time & Priority Management
- Attention to Details
- Team Collaboration.

## CERTIFICATIONS

---

- **Primavera P6 Professional** – Best Consultant Engineering Solutions, Hyderabad, India.
- **Autodesk Auto CAD** – Best Consultant Engineering Solutions, Hyderabad, India.

## TECHNICAL SKILLS

---

- Primavera P6
- Advanced MS Office Skills (Excel, Word, PPT)
- AutoCAD
- MS Project

## PERSONAL DETAILS
