Highly accomplished Civil Engineer with a proven track record of successfully managing complex construction projects worth millions. As a Partner at Ashraf Abdelaziz Zakaria Taleb Contracting Company, I've led as the prime contractor for General Authority for Educational Buildings, overseeing multi-million-pound school construction and maintenance projects. My expertise in project planning, scheduling, and resource optimization as a former Planning and Monitoring Manager at Arabian Gulf Company further complements my skills. With a strong foundation in AutoCAD, Civil 3D, and problem-solving, I bring a unique blend of technical proficiency and leadership. I am dedicated to delivering projects on time, within budget, and exceeding quality standards. My commitment to excellence makes me an ideal candidate for your team.
