Senior Civil Engineer – Roads, Infrastructure & Project Management

+966598202286 | +201003297339 | engahmedsabet@gmail.com

Dammam, Saudi Arabia | Cairo, Egypt

## ABOUT ME

Civil Engineer with more than 11 years of experience in roads and infrastructure projects across Saudi Arabia and Egypt. Extensive background in site execution, construction management, and project control, with proven ability to manage and contribute to large-scale projects exceeding 250 million SAR, including stormwater networks, force mains, lift stations, and road works. Highly skilled in project planning, cost control, contractor management, risk management, and coordination with authorities. PMP® and PMI-RMP® certified, with strong leadership, decision-making, and problem-solving capabilities.

## CORE SKILLS

- Site & Construction Management
- Project Planning & Control
- Roads & Infrastructure Projects
- Stormwater & Sewer Networks
- Cost Estimation, BOQs & Quantity Surveying
- Contractor & Subcontractor Management
- Risk Management & Mitigation
- Stakeholder & Authority Coordination

## PROFESSIONAL EXPERIENCE

### Senior Technical Office Engineer

Abid Ali El Habashi Company – Dammam, Saudi Arabia – (Dec 2023 – Present)

- Stormwater drainage infrastructure project valued at over 250 million SAR.
- Managed technical office activities for approximately 120 km stormwater drainage networks (GRP pipes).
- Prepared and reviewed design & shop drawings for gravity networks and 5 km GRP force main.
- Supported execution of main stormwater lift station, coordinating between site teams and technical office.
- Prepared quantity take-offs, BOQs, cost estimates, and interim payment certificates.
- Led progress monitoring, schedule control, and performance reporting to senior management.
- Participated in project management and coordination meetings, supporting decision-making and corrective action plans.
- Coordinated with consultants, clients, and authorities to ensure technical approvals and smooth execution.

## **Project Coordinator & Construction Manager**

JV (Hydro – Zahir – Watco) – Beheira, Egypt – ( Jan 2021 – Dec 2023)

Managed infrastructure works under the Hayat Karima national initiative.

Led site execution and construction management for:

1. 90 km water pipelines (UPVC & HDPE, 110–630 mm)
  2. 50 km force mains (HDPE, 200–1000 mm)
  3. 85 km gravity sewer networks
  4. 11 sewage lift stations
- Supervised contractors, manpower, and equipment, ensuring compliance with drawings, specifications, and HSE requirements.
  - Managed project scope, schedule, and cost, identifying risks and implementing mitigation measures.
  - Coordinated with governmental authorities and consultants for inspections, approvals, and handovers.
  - Prepared weekly and monthly progress reports for clients and senior management.

## **Roads Project Manager**

El Janobi Company – Arar & Turaif, Saudi Arabia

Aug 2019 – Jan 2021

- Managed roads network development projects including asphalt paving, curbstones, sidewalks, and street lighting.
- Led site management and execution activities, coordinating subcontractors and suppliers.
- Controlled quantities, costs, and productivity, ensuring adherence to project schedules.
- Prepared technical reports, payment certificates, and project documentation.
- Ensured compliance with quality, safety, and contract requirements.

## **Roads Site Engineer**

Alexandria for Road Construction (TMG) – Egypt

Jul 2017 – Aug 2019

- Supervised execution of major road projects including Madinaty Roads, El Amal Road, and Middle Ring Road (R2).
- Managed daily site activities, labor, and equipment.
- Ensured correct implementation of road layers according to specifications and approved drawings.
- Coordinated with consultants and resolved site execution issues.

## **Roads Site Engineer**

Abu Arida Sons Contracting – Egypt

Nov 2014 – Jul 2017

- Participated in El Galala Road, October Corridors, and social housing infrastructure projects.
- Prepared shop drawings, quantity surveys, and technical documentation.
- Conducted surveying works and supported cost control and billing activities.

## EDUCATION

Bachelor of Civil Engineering

Helwan University – Faculty of Engineering, Cairo (2014)

Grade: Very Good with Honors

## CERTIFICATIONS

- Project Management Professional (PMP®) – PMI | Valid until Aug 2027
- PMI Risk Management Professional (PMI-RMP®) – PMI | Valid until Jul 2028

## SOFTWARE

- Primavera P6
- AutoCAD
- Civil 3D
- Excel, PowerPoint
- Google Earth
- Infra Wizard

## LANGUAGES

Arabic: Native

English: Advanced – Professional Working Proficiency

## PERSONAL INFORMATION

Nationality: Egyptian

Date of Birth: 20 June 1992
