Professional Summary:

A creative and recently graduated architect, specializing in innovative and sustainable architectural design. I have experience working within multicultural teams, with a proven track record of delivering design solutions that meet client needs. I have contributed to notable projects such as Ross Hotel, Ninja Warehouse, and Volt Warehouse, as well as proposing ideas for the New Yabous Border Crossing project in Syria. I am continuously seeking to develop my skills.

Education and Professional

Certifications:

* Bachelor's Degree in Architecture, Al-Ittihad Private University, Syria (2023–2024)

* Certified by the Saudi Council of Engineers (2026)

Work Experience:

* Intern, Al-Ameed Engineering Office, Syria (2020)
Learned the fundamentals of architectural design and drafting using AutoCAD.

Trainee, Al-Rutbah Contracting Establishment
Riyadh (2022–2023)

* Architectural Drafter, Nawader Al Ebdaa National Company
Riyadh (2024)
Worked on designing and preparing architectural drawings for commercial and residential projects, including Volt Warehouse, Ross Hotel (Lounge Section), residential building renovation, Ninja Warehouse, and an office for Theeb Rent a Car.

Projects:

- * **New Yabous Border Crossing (2024):** Developed a design and planning proposal.
- * **Ross Hotel (2024):** Proposed an interior design concept for the lounge area.
- * **Volt Warehouse (2024):** Modified the warehouse façade and added shutter door locations.
- * **Residential Building, Umm Al-Hammam (2025):**
Rehabilitated the interior and added rooftop rooms using steel, cement board, and sandwich panels.
- * **Ninja Warehouse (2025):** Added an administrative section to the warehouse, including services.
- * **Theeb Rent a Car Company (2026):** Renovated an office, including painting, electrical works, installing a gypsum board partition, suspended ceiling installation, extending HVAC from the central system, and installing glass partitions.

Skills and Software:

- * Design and Drawing: Revit-3Ds Max-AutoCad-Rhino

* Rendering: D5 Render-V-Ray-Lumion-Corona-AI

* Image Editing: Photoshop-Illustrator

* Other Software and Skills: Word-Teamwork-Freehand-DaVinci
Resolve

Courses:

* **Architectural Software Course (2020) (Revit – Beginner, Lumion, Photoshop):** Duration: 2 months.

Gained foundational proficiency in Revit and drafting techniques within the program. Acquired skills in rendering using Lumion, applying materials, editing images in Photoshop, and producing final project presentations.

* **Comprehensive Architectural Presentation Course (2022):**

Duration: 1 month.

Developed skills in architectural visualization, expressing design concepts quickly, and learned fundamental design principles.

* **Advanced Revit Course (2023):**

Achieved advanced proficiency in Revit, including working with components, massing, families, and producing shop drawings.
