### SUMMARY

Versatile construction professional with 14 years of construction management experience in infrastructure, buildings, and transit, including two years of experience in Saudi Arabia. Proven capability of leading cross-functional teams in large-scale projects. Demonstrated ability to deliver projects from start to completion on time and within budget. Successfully delivered scopes exceeding \$200M on transit and building projects. Born and raised in Saudi Arabia, I am seeking a new challenge to return to Saudi Arabia and take part in its Vision 2030. I stand out as a practical Construction Manager, with hands-on experience and real-world problem-solving skills.
