EDUCATION:

Bachelor's degree in civil engineering

August 2016
Higher Technological Institute
10th of Ramadan, Egypt
Grade :(Acceptable)
Project: Design of Materials
Grade: (Very Good)

COURSES:

- ✓ AUTOCAD
- ✓ SAP
- ✓ SHOP DRAWING(ASD)
- ✓ PRIMAVERA

LANGUAGE:

- ✓ Arabic (Mother Language)
- ✓ English (Intermediate)

PROFILE:

A seasoned Civil Engineer with 10 years of experience in managing large-scale civil and road projects. Expertise in AutoCAD, Civil 3D, structural analysis, and road design. Proven leadership in managing multidisciplinary teams and ensuring timely project delivery within budget. Skilled in site supervision, technical report preparation, and quality control. Strong communicator with a track record of fostering client relationships and resolving technical challenges. Committed to maintaining safety, compliance, and high engineering standards throughout all project phases.

KEY COMPETENCIES

Site Logistics Management
Oracle (Project Management System)
Road Engineering: Supervising road and infrastructure works.
Quality Control and Assurance

PROFESSIONAL EXPERIENCE :

**Zaid Al Hussain & Brothers Co. for Contracting, Madinah,
Saudi Arabia**

SITE CIVIL ENGINEER 09/2023 to Current

Manage and oversee site operations, ensuring the timely and successful execution of large-scale construction projects.

Lead and coordinate the work of multiple execution teams, ensuring adherence to project timelines, quality standards, and safety regulations.

Communicate effectively with clients, consultants, and stakeholders to ensure project requirements are understood and met.

Oversee daily site activities, including monitoring progress, resolving issues, and ensuring compliance with engineering designs and safety standards.

PROFESSIONAL SKILLS:

- ✓ solutions to reduce costs.
- ✓ PROFESSIONAL EXPERIENCE
- ✓ Construction Materials and Techniques
- ✓ Geotechnical Engineering
- ✓ Environmental Impact
- ✓ Cost Estimation and Budgeting
- ✓ Traffic Flow and Safety Analysis
- ✓ Surveying and Mapping
- ✓ Quality Control and Assurance.
- ✓ Site Layout and Planning
- ✓ Effective Communication
- ✓ Excellent communication skills (both written & verbal)
- ✓ Produce detailed engineering designs, study reports, specifications, and drawings
- ✓ The ability to perform complex calculations
