

MOHAMED AHMED ELHADDAD

Senior Land Surveyor

Address: Egypt - Alexandria

Phone: +201069966161 / +966535714977

Email: mohamedelhaddad002@gmail.com

Summary

Dynamic and results-driven Senior Land Surveyor with over 10 years of extensive experience in topographic surveying, geospatial data management, and infrastructure development across Egypt and Saudi Arabia. Proven expertise in delivering high-precision surveying solutions for large-scale projects including ports, bridges, residential complexes, and intelligent traffic systems. Adept at leveraging advanced surveying tools and software such as AutoCAD, Civil 3D, and Surfer to ensure accurate mapping and project execution. Exceptional leadership in coordinating multidisciplinary field teams, optimizing workflows, and maintaining strict adherence to deadlines and quality standards. Fluent in Arabic and English, with strong communication, analytical, and reporting skills. Committed to innovation, accuracy, and continuous professional growth.

Work Experience
