ABOUT MYSELF

A PMP® certified project management professional with a proven track record in delivering complex projects and medical system installations. Skilled in strategic planning, execution, and stakeholder coordination across contractors, suppliers, and clients. Brings hands-on site leadership and technical expertise to ensure projects are delivered on time, within budget, and to specification from initiation to closeout.

EDUCATION & TRAINING

[1 Feb 2014 - 13 Feb 2019]

B.Sc. Civil Engineering, ABET Accredited.

Jordan University of Science and Technology www.just.edu.jo

City: Irbid | **Country:** Jordan | **Field(s) of study:** Civil Engineering , Comprehensive education in civil engineering with focus on construction, structural systems, and infrastructure projects., Strong foundation in structural design, materials, geotechnical engineering, and water systems., Hands-on experience through laboratories, site training, and a final-year engineering project. | **Final grade:** 3.56 | **Thesis:** Structural Analysis & Design of the Presidential Building at JUST.

WORK EXPERIENCE

DAR SALMA www.dar-salma.com

City: Jeddah | **Country:** Saudi Arabia | **Email:** Abdulrahman.alakhras@dar-salma.com
| **Name of unit or department:** PMO | **Business/sector:** Construction

[1 Jan 2025 - Current]

Project and Service Manager

Led the planning and execution of healthcare projects, managing civil, architectural, and MEP works from initiation to handover.

Responsible for project scheduling, cost control, contractor supervision, material submittals, and technical approvals.

Coordinated with clients, consultants, suppliers, and end-users to ensure compliance with specifications, safety standards, and regulatory requirements.

Oversaw risk management, quality control, testing & commissioning, and final documentation delivery.

TEAM1 Medical Services <https://team1ms.com/>

City: Riyadh | **Country:** Saudi Arabia | **Email:** Abdulrahman.alakhras@team1ms.com
| **Name of unit or department:** Operation | **Business/sector:** Construction

[1 Jan 2023 - 31 Dec 2024]

Project manager

Leading the full lifecycle delivery of projects from planning through commissioning and

handover. Manage multidisciplinary teams, coordinate MEP and critical systems, including chillers and UPS, control budgets and schedules, mitigate risks, and ensure compliance with quality and safety standards while consistently delivering projects on time and within budget.

[29 Oct 2020 - 31 Dec 2022]

Project Engineer

Executed site supervision and technical coordination for healthcare projects, ensuring alignment between design, specifications, and on-site implementation.

Managed shop drawings, RFIs, material approvals, and inspection requests while monitoring quality, safety, and progress.

Supported MEP integration, equipment installation readiness, and systems testing to achieve successful project handover.

Sami Qassim Engineering Office

City: Amman | **Country:** Jordan

[2 Jun 2018 - 30 Jun 2020]

Civil engineer

Framework and Steel inspection for beams, slabs, columns, walls, stairs, and foundations.

Design and analyze different types of structural systems using ETABS, SAFE, and PROKON.

Prepare engineering plans using AUTOCAD and prepare BOQ.

CERTIFICATIONS

[Engineering Tracks , 7 Mar 2026]

Preparation Course for Project Management Professional PMP

Successfully completed a 35 contact hours project management professional training program aligned with project management professional best practices. Covering key domains including scope, time, cost, risk, and stakeholder management.

Currently preparing for the PMP certification exam.

Mode of Learning: Online

[Project Management Institute , 24 Apr 2026]

Project Management Professional (PMP®)

Earned the world's leading project management credential, demonstrating advanced competency in directing multi-disciplinary teams, managing project lifecycles from initiation to closeout, and applying best practices in risk mitigation, contract management, and stakeholder engagement.

Mode of Learning: Online

NETWORKS AND MEMBERSHIPS

[7 Apr 2026 - Current]

Project Management Institute United State

Active member of the Project Management Institute.

[13 Feb 2024 - Current]

Saudi Council of Engineers Saudi Arabia

I am officially accredited as a Civil Engineer by the Saudi Council of Engineers, reflecting my professional qualification, technical competency, and compliance with the engineering standards and regulations recognized in the Kingdom of Saudi Arabia.

[3 Mar 2019 - Current]

Jordanian Engineers Association Jordan

I am officially accredited as a Civil Engineer by the Saudi Council of Engineers, reflecting my professional qualification, technical competency, and compliance with the engineering standards and regulations recognized in the Hashemite Kingdom of Jordan.

TRAINING

[31 Oct 2024 - 3 Nov 2024]

Riedel Kooling Service Training

Completed specialized training on Kool-M Riedel medical cooling systems at the manufacturer's factory in Germany, covering installation, operation, maintenance, and troubleshooting of precision cooling units used for healthcare equipment.

[22 Jan 2025 - 22 Jan 2025]

Lead Mechanical Installer

Completed a structured onboarding program covering mechanical installation requirements, safety standards, and compliance for healthcare imaging equipment (MR, CT, PET, Vascular, RAD). Training encompassed assistant-level fundamentals, lead installer responsibilities, and on-the-job field training across multiple modalities.

[1 Mar 2022 - 1 Mar 2022]

Assistant Mechanical Installer

Completed GE HealthCare's certified onboarding program covering installation tools, safety protocols, unpacking procedures, and component-based mechanical installation across medical imaging modalities (MR, CT, PET, Vascular, RAD/R&F). Trained in compliance with healthcare standards and GE HealthCare's official installation manuals and documentation portal.

SKILLS

construction industry | construction methods | SAP2000 Construction Program | Project and Construction Management | Microsoft Office | manage project changes | write work-related reports | manage staff | establish daily priorities | AutoCad 2D -3D | PROFICIENCY IN AUTODESK REVIT | Familiar with ETABS and STAAD pro | ensure compliance with healthcare regulations | Structural analysis | Structural Design Software

LANGUAGE SKILLS

Mother tongue(s): Arabic

Other language(s):

English

LISTENING: C1 **READING:** C1 **WRITING:** C1

SPOKEN PRODUCTION: B2 **SPOKEN INTERACTION:** B2
