PLANNING CIVIL ENGINEER

Al-Khobar ♦ +966591257259 ♦ amrbadreldin00@gmail.com ♦ Valid transferrable Iqama ♦ Valid driving license

SUMMARY

Planning Civil Engineer with strong experience in construction coordination, project scheduling, and cost control. Skilled in developing and monitoring project schedules using Primavera P6 and supporting on-site execution through effective planning and resource allocation. Experienced in tracking project progress, preparing reports, and ensuring alignment between construction activities and project timelines. Adept at coordinating with site teams, consultants, and contractors to maintain project schedules and deliver projects efficiently.

EDUCATION

Bachelor of Science: Civil Engineering, 09/2018 - 06/2023

MTI University - Cairo, Egypt

- 3.0 GPA
 - Heavy Equipment Steel Factory, Excellent - Graduation Project
-

WORK HISTORY

Consultant Engineer, 03/2025 – 02/2026

Tline architecture & interior – Cairo

Project: Resort Infrastructure Development

- Assisted in developing project schedules and work breakdown structures (WBS) for civil and infrastructure activities.
- Monitored construction progress and compared site progress with baseline project schedules.
- Prepared weekly and monthly progress reports highlighting schedule deviations and proposed corrective actions.
- Coordinated with contractors and subcontractors to ensure alignment between site execution and project timeline.
- Reviewed construction schedules and updated Primavera P6 activity progress.
- Participated in planning meetings with project stakeholders to track project milestones.
- Assisted in preparing lookahead schedules for upcoming construction activities.

Interior Design Site Engineer, 12/2023 - 03/2025

Al Sharif Interior Design – Cairo

- Supported the preparation and updating of project schedules using Primavera P6.
- Monitored daily and weekly progress of construction activities against the baseline schedule.
- Prepared progress tracking reports, manpower reports, and productivity analysis.
- Assisted project managers in identifying critical activities and potential schedule delays.
- Coordinated with procurement and site teams to ensure timely material delivery according to project schedule.
- Participated in weekly planning meetings and provided progress updates.
- Helped prepare two-week and monthly lookahead schedules for site teams.

Intern Engineer, 07/2022 - 12/2022

The Arab Contractors – Cairo

Project: King Salman Axis and Maspero Business Towers

- Assisted planning engineers in reviewing construction schedules and progress reports.
- Observed implementation of Primavera P6 scheduling techniques for large infrastructure projects.
- Monitored site activities and compared progress with planned project milestones.
- Participated in coordination meetings discussing construction progress and schedule updates.

Intern Engineer, 09/2021 - 10/2021

Saudi Cyprian Construction – Al Khobar

- **Project: AL INMA Bank**
- Participated in regular training sessions to stay current with industry trends and advancements in technology.
- Expanded knowledge of relevant industry regulations, codes, and standards to ensure projects were completed in compliance with all requirements.
- Studied corrections from senior engineers to learn and grow professionally.
- Assisted engineers with inspections of finished construction.
