Date of Birth: 22/05/1980

Executive Summary

Dynamic Senior Project Manager with over 22 years of experience leading mega infrastructure, roads, bridges, utilities, and housing development programs across Saudi Arabia, Kuwait, Qatar, and Jordan. Strong leadership in PMC environments, stakeholder management, contract administration, and large-scale project delivery for government and private sector clients. Proven expertise working with Royal Commission, WSP, Parsons, MPW, MA'ADEN, and international consultants. Adept at driving project performance, resolving critical challenges, and ensuring timely, high-quality completion within budget.

Core Competencies

- Mega Infrastructure Projects (Roads, Bridges, Utilities)
- Project Management (PMC) & Stakeholder Leadership
- Project Controls, Budgeting & Cost Optimization
- Scheduling, Planning, Risk Assessment & Mitigation
- Contract Management & Technical Documentation
- Quality Assurance, HSE Compliance & Site Leadership
- Cross-Functional Team Management & Coordination

Professional Experience

Project Manager – MASCO, Jazan, Saudi Arabia

Duration: 2023 – 2025

Royal Commission project: Rough grading & infrastructure development (286M SAR). Responsibilities include project leadership, budget oversight, scheduling, risk management, safety compliance, contractor coordination, progress reporting, and ensuring alignment with Royal Commission and Parsons requirements.

Anees Al-Jesrawi | Senior Project Manager / Operations Manager

Project Manager – WSP (PMC), Kuwait

Duration: 2019 – 2023

PMC for Al-Metlaa Housing (100M KWD / 1.2B SAR). Led multi-disciplinary PMC teams, managed mega-scale utilities (DI, HDPE, UPVC networks), substations, pump stations, and roads. Ensured quality, contract compliance, backlog management, risk mitigation, schedule control, and high-level reporting.

Project Manager – AlGhanim International, Kuwait

Duration: 2015 – 2019

Managed 84M KWD infrastructure program including MSE walls, bridges, utilities, precast yards, and road networks for MPW & Dar Al-Handasah. Ensured cost control, PMO compliance, client & consultant coordination, and claims management.

Construction Manager – QBC, Doha, Qatar

Duration: 2013 – 2014

Oversaw construction of four 18M-gallon reservoirs (183M QAR), utilities, pipe networks, and roadworks for Qatar Water & Electricity Corp. Handled planning, reporting, risk resolution, and cost compliance.

Construction Manager – MASCO (Royal Commission), Jubail, KSA

Duration: 2011 – 2013

Delivered 250M SAR road & interchange project including 5 bridges, 4 culverts, 19 km roadway, deep foundations, precast elements, utilities, and HSE compliance.

Construction Manager – MASCO, Riyadh, KSA

Duration: 2010 – 2011

Managed Exit 6, 7, and 18 interchanges (580M SAR). Oversaw bridges, tunnels, roads, utilities, workforce distribution, scheduling, and resource planning.

Project Manager – Ajinaj (AMA), Ras Al- Khair, KSA

Duration: 2007 – 2009

MA'ADEN Southbound Corridor (35M SAR). Led road construction, utilities, culvert works, quality control, progress reporting, and claims resolution.

Quality Control Engineer – Alnaser Engineering, Amman

Duration: 2006 – 2007

QC Engineer for Al-Quds College building (31,000 m²). Oversaw inspections, quality documentation, design alternatives, and reporting.

Anees Al-Jesrawi | Senior Project Manager / Operations Manager

Road Engineer – AlAjmi Company, Al- Hufuf, KSA

Duration: 2003 – 2006

Dualization of Al-Hufuf–Salwa Road (140 km). Responsible for planning, material procurement, site supervision, testing, and subcontractor coordination.
