Engines and Vehicles Technology

I am seeking a job opportunity in the field of *Engine and Vehicle Technology* within the Mechanical Technology Department, where I can apply my skills in engine and vehicle maintenance and design. I aim to utilize my engineering knowledge to enhance performance and work quality. My goal is to contribute effectively to the development and maintenance of mechanical systems within the organization, while gaining more practical experience to strengthen my technical and professional skills.

Core competencies

- Engine and vehicle maintenance
- Use of mechanical tools.
- Teamwork and communication.
- Troubleshooting
- System design
- Quality commitment and learning

Education

Diploma in Engine and Vehicle Technology_ Technical College,

Al-Madinah Al-Munawaroh, Badr , Saudi Arabia. 2025

- Cooperative training at the Security Patrols Center in Medina
