ABOUT ME

Electrical Engineer with strong communication skills, well-organized, and a good team player with over 5 years of hands-on experience in Electrical Engineering and Commercial Sales in the Hashemite Kingdom of Jordan. Experienced in assembly and installation of switchgear panels, electrical distribution, and maintenance for construction and facility projects, as well as commercial sales activities. Skilled in planning, monitoring work processes, ensuring compliance with safety and technical standards, and delivering reliable and efficient solutions through analytical and problem-solving abilities. Focused on client satisfaction, attention to detail, and improving company productivity and reputation.
