

ZAFAR AHMED

CIVIL ENGINEER / PROJECT ENGINEER

SUMMARY

Dynamic and accomplished Civil Engineer with over 14 years of progressive experience in site management, structural supervision, quantity surveying, and project execution for a wide range of construction projects including residential, commercial, and oil & gas facilities across India, Oman, and Saudi Arabia. Skilled in interpreting designs, monitoring project performance, enforcing quality standards, and ensuring on-time delivery within budget. Strong ability to coordinate with clients, consultants, and multidisciplinary teams to drive successful project outcomes. Eager to contribute technical expertise, leadership, and problem-solving skills to a forward-thinking organization committed to engineering excellence.

EXPERIENCE

PROJECT CIVIL ENGINEER

ROYAL COMMISSION, BAISH, SAUDI ARABIA

July 2024 – Till Date

- Oversaw the execution of all structural and civil works, ensuring compliance with client specifications, project schedules, and international safety standards.
- Conducted inspections, reviewed shop drawings and construction submittals, and liaised with consultants and subcontractors to ensure smooth workflow.
- Prepared daily, weekly, and monthly project progress reports for senior management and stakeholders.
- Implemented cost control and risk management strategies to minimize project overruns.
- Monitored material procurement, quality checks, and site safety compliance.

SENIOR CIVIL ENGINEER

OQ PIPELINE PROJECT, SUR, OMAN

March 2023 – June 2024

- Managed site operations for pipeline civil works including excavation, bedding, backfilling, and structural support.
- Coordinated with design teams, project managers, and third-party inspectors to achieve project milestones.
- Ensured strict adherence to QA/QC standards, environmental compliance, and health & safety regulations.
- Supervised subcontractor activities and conducted regular audits to ensure quality workmanship.
- Managed progress billing, variation orders, and contract compliance.

CIVIL ENGINEER (SITE)

OXY MUKHAIZNA, OMAN

February 2022 – March 2023

- Supervised structural and finishing works ensuring technical compliance and safety adherence.
- Reviewed project drawings, coordinated with client engineers and architects for design clarifications.
- Oversaw material inspections, site logistics, and workforce management.
- Ensured timely project execution, prepared progress reports, and implemented corrective actions.

CIVIL ENGINEER (SITE)

DUQM REFINERY PROJECT, DUQM, OMAN

October 2019 – January 2022

- Managed multi-disciplinary teams for the execution of refinery-related civil and structural works.
- Conducted site inspections, verified material specifications, and monitored construction activities.
- Implemented international safety standards and led toolbox talks and safety inductions.
- Provided technical guidance on finishing works, blockwork, plaster, painting, gypsum, and ceiling installation.

CIVIL ENGINEER (SITE)

SALALAH LIQUEFIED AND PETROLEUM GAS (SLPG), OMAN

October 2018 – November 2019

- Coordinated with structural consultants for design approvals and issue resolutions.
- Managed site execution, subcontractor management, and daily construction activities.
- Conducted quality checks and site safety compliance audits in alignment with international codes.
- Assisted in budgeting, procurement, and project scheduling.
