- Shop-drawing for all main and secondary roads (Asphalt, base and sub-base layers)
- Drawing as built drawings and shop drawings; consultant submitting for final approval processing
- Technical shop-drawings of (2 Lift Sewer Stations and Sewer Manholes.
- Preparing daily reports included performance rates and volume of manpower and machines.
- Preparing (IR-Submittals) and coordinate with document control Dep.
- Commitment to deliver layouts according to the time planned schedule from consultant.
- **Infra-Structure** (Landscape and Hard-Scape) works, parking areas , shades and lighting poles
- Site Coordination between Arch, Structural and Electro-mechanic Dep.(Submitting full coordination drawing)
- General site area (**W.S networks , sewage network including main force line , fire network and irrigation**)
- Co-ordination Drawings of general irrigation system network for general site area.
- Co-ordination **Shades** Drawings with general site area services (sidewalks and parking areas).
- Submitting Technical drawings of **Pre-Cast Fence (1000m), arm barrier, road marking and signs plates.**
- Preparing **variation order (VO)** Documents to final approval (processing stages).

SCDCo.

- **Technical Office Engineer**, Concrete-Plus for Engineering and Constructions. (Jun2022 – May 2023)

- **Project:** Development of railway (104) KM
- **Owner:** Ministry of transportation.
- **Consultant:** Research & Studies Center Cairo University.

Responsibilities:

- Material submittal support and coordination.
- Review Sub-Contractors' shop drawing as well as outsourced shop drawings and coordinate their approval process with the project consultant
- Manage and drive the coordination of the site technical office interfaces with project manager.
- Ensure execution of work according to approved drawings, design and specifications.
- Day to day management of the site, including supervising and monitoring the work and executing process of the project.
- Coordinate between multi-disciplined teams.
- Preparing monthly and daily reports presenting the current situation of executed work.

Concrete-Plus

- **Technical Office Engineer, Misr Engineering Development (MEDCOM)**
 - **Project:** Construction of residential compound at R5 “New Administrative Capital “
 - **Owner:** Ministry of Housing, Utilities & Urban Communities.
 - **Consultant:** ECG “Engineering Consultant Group”

(Jan2021 – May 2022)

Responsibilities:

- Quantity surveying for steel of reinforcement for (4 Clusters - 20 buildings - No. (11) F.L)
- Drawing as built drawings for all structural elements and reinforcement’s steel.
- Preparing owner and sub-contractor’s invoices and documentary drawings
- Reviewing and adjusting shop drawings.

[MEDCOM](#)

- **Technical office Engineer, Roaia for Constructions.**

(July 2019 – Dec2020)

- **Project:** Sporting Development Center at Cairo, Sheraton
- **Owner:** Ministry of Sports and Youth
- **Consultant:** Research & Studies Center Cairo University

Responsibilities:

- Quantity surveying for all bid items “Engineering & As built “
- Drawing as built plans for various field works.
- Preparing owner and sub-contractor’s invoices and documentary drawings.
- Reviewing and adjusting shop drawings.
- Managing document control activities on site.

- **Project:** Mansoura Tumors Hospital Center.
- **Owner:** Mansoura University.
- **Consultant:** Mansoura University, Faculty of Engineering.

[Roaia-Constructions](#)

Responsibilities:

- Tendering some of bid items.
- Analyze items of the bid to make it more detailed.
- Make financial & technical comparison to get the best offer between companies.
- Coordinate between multi-disciplined team.
- Professional know-how to make cost control on items’ bid.

- **Site Engineer, Destination Office for Engineering services and Decorations at Mansoura.**
 - **Project:** Commercial Store with 2 floors at Mansoura city

(Nov 2018 – Jun 2019)

Responsibilities:

- Worked in all finishing works such as (painting - plumbing - masonry- GRP- fire-fighting- fresh air)
- Day to day management of the site, including supervising and monitoring the work and executing process of the project.
- Ensure execution of work according to approved drawings, design and specifications.
- Monitor work performance and time management to achieve significant progress in the project.

- Establishing a project brief and required material before the start of a various project works.
- Setting out sites and organizing facilities.
- Acting as the main site responsible person for the execution of the project.

Internships

- **Trainee Structural BIM Engineer**, KAITECH for engineering service and technology
- **Project:** (International school Project)

(Nov2020 – Jan 2021)

- 3D Modelling for elements and documentation for each all instances.
- Making 4D/5D simulation through naviswork software.
- Collaboration between all disciplines of the project to achieve integrated project “BIM Cloud”.

- **Trainee**, the Arab Contractors.
- **Project:** (Mansoura University Medical Centers Project).

(Jul 2017 – Sep 2017)

- Execution of concrete works, foundations with all types and details of reinforcement concrete.
- Professional know-how to make check on slabs, beams and columns.
- How to ensure that materials are according to specifications and their quantities allowed.

Training Courses

Software:

- Auto-Cad accredited by Engineers’ Syndicate.
- Structural BIM Diploma “Revit, Navisworks, Dynamo, BIM 360, BIM Execution Plan “
- Diploma of Preparing Site Engineer “Eng. /Hassan Qandil”.
- Diploma of Technical Office Engineer.
- Auto-Cad Structural Detailing. (ASD)
- BIM Coordinator Course accredited by LinkedIn learning platform.
- Primavera. (P6)
- Auto-CAD civil 3D

Workshops:

- Workshop for "Sika Egypt" company (about insulation materials, how to use it and its costs).
- 4D/5D BIM international summit (4 webinars) accredited by BIMarabia academy.
- Workshop Big 5 Construction 2020 "moving towards smart cities with BIM implementation in infrastructure projects".
- BIM workshop (5 hrs.) accredited by Autodesk.
- Clash Case Study through Naviswork & Revit by BIMarabia.

Languages and Skills

Language proficiency:

- English: Very good.

Computer Skills:

- Professional knowledge of Microsoft office.

Conferences

- ICEC (Intelligent Cities Exhibition & Conference) 2020
- EGYPT PROJECTS "Building Future Egypt 2020"
- Autodesk University Conference 2020 “Online “
- The Big 5 Construct Saudi Arabia 2022.
- Riyadh BIM Day 2022 “King Saud University”

Personal info.

- Nationality: Egyptian.
- Driving license (Saudi Arabia): Valid.
- Military status: Completed.
- Marital Status: Married.
- Transferable Iqama.
