SUMMARY

Dedicated Civil Engineer with hands-on experience in site management, inspections, and team coordination. Skilled in overseeing diverse construction projects with a solid understanding of construction methods and processes. Adept at fostering teamwork to achieve safety, quality, and project objectives efficiently. Known for strong attention to detail and a commitment to delivering high-quality, successful project outcomes.

EXPERIENCE

SITE ENGINEER | MBL (Ceer Project)

May 2024 — Jul 2025

- Collaborated with the Construction Manager to review shop drawings and priorities, enhancing understanding of the project scope.
- Conducted civil inspections on-site before handing over to consultants and corrected any remarks as needed.
- Coordinated with subcontractors regarding site priorities and adherence to the project plan.
- Participated in the safety program under the supervision of the MBL Safety Team.

CIVIL INSPECTOR | Applus Arabia (King Fahad Causeway)

Jan 2024 — Mar 2024

- Involved in engineering inspection and consultancy; collaborated with the commercial manager to review tenders.
- Revised the method statement for upcoming tasks and prepared required documentation for work permits in collaboration with the traffic team.
- Participated in the bridge safety program, supervised by the KFCA Authority.

SITE MANAGER | ArchDeco (Thuwal Island) - Jeddah

Jun 2023 — Dec 2023

- Managed a team of engineers and oversaw labor operations while coordinating with consultants and engineers.
- Conducted on-site factory inspections to assess dimensions for mold preparation for the renovation of underwater concrete structures.
- Developed comprehensive method statements for underwater concrete renovation and coordinated site waste management with logistics.

SITE ENGINEER | Nawa Real Estate - Jeddah

Jun 2021 — Jun 2023

- Managed labor operations and coordinated with external suppliers; calculated material quantities required for the site.
- Maintained knowledge of materials and pricing within the Jeddah market.
- Reported site conditions to management and executed Mechanical, Electrical, and Plumbing (MEP) equipment plans.

SITE ENGINEER INTERNSHIP | Zahid Tractor - Mekkah

Jan 2020 — Jun 2020

- Supervised foundation zones for multiple middle school plans and handled site leveling/marketing before construction.
 - Delivered results on project timelines upon agreement of key stakeholders and client approvals.
-

EDUCATION

University of Business and Technology (UBT) | KSA (Jeddah)

Bachelor of Science in Civil Engineering | 2015 – 2019

SKILLS & LANGUAGES

- **Technical:** AutoCAD, AutoCAD Design, Structural Analysis, Project Management, Construction Planning, Site Supervision.
 - **Software:** Microsoft Office (Word, Excel, PowerPoint), Gmail.
 - **Languages:** Arabic (Native), English (Professional).
-

ACHIEVEMENTS

- **Cost Reduction:** Reduced project costs by 15% through effective subcontractor negotiations and resource management.
 - **Productivity:** Boosted site productivity by 25% by implementing efficient work schedules.
 - **Project Delivery:** Completed 5 major projects on time and within budget.
 - **Safety:** Improved safety compliance rate to 99% by enforcing stringent protocols.
-

CERTIFICATIONS AND LICENSES

- Saudi Council of Engineers (Membership & Accreditation)
- Equivalence certificate of the B.Sc Supreme Council of Universities in Egypt
