Who We Are

Shibh Al Jazira Contracting Company (SAJCO), a Saudi Arabian Closed Joint Stock Company, established in 1965, has successfully become one of the leading companies in the field of contracting and construction. Having its head office in the capital city of Riyadh, the geographical coverage has included major cities of Saudi Arabia namely Jeddah, Madinah, Qassim, Abha, Tabuk and Dammam.

SAJCO continues its success by offering an unparalleled level of diversity in the core business of road construction and maintenance, bridges, tunnels, underpasses, dams, sewage and water-supply networks, dewatering, water and fuel strategic reservoirs, buildings, piling works and much more. Among commercial activities, SAJCO also focuses on manufacturing of pre-cast concrete units, asphalt, ready-mix concrete, and many types of construction products all adhering to international standards. Over fifty years of accumulated extensive experience in different fields of construction, maintenance, industrial, trade, education and commercial, SAJCO has placed one of the best companies among their competitors in Saudi Arabia and Middle East.

The company played a key part in enhancing the livability of Saudi cities since its establishment, by ensuring the delivery of quality and timely projects while also safeguarding the environment.

Occupational Safety is an essential factor in the success of the company. SAJCO has adopted the highest occupational safety standards that are being constantly reviewed and updated. Our primary target, 'zero tolerance' policies to ensure that employees work in a safe environment.

The company strives on being in line with the Saudi Vision 2030.
